### Guide to NCCP Coaching Softball – Softball Canada

1. For any new coaches to softball (no previous softball NCCP training), the Foundations of Coaching Softball – Part 1 online module will be a pre-requisite for the Community Softball stream of coaching. Coaches must complete this before they can obtain Community Softball Trained status on their NCCP transcript. (For coaching a team & that may enter Alberta Provincial Play)

2. For any new coaches to the Competition Introduction stream (with no previous softball NCCP training), the Foundation of Coaching Softball – Part 1 and 2 will both be pre-requisites. Coaches will not obtain Competition Introduction Certified status unless both of these online modules have been completed. (For coaching a team in Alberta Provincial Play in a Level that has a Western or Canadian Post Provincial berth at stake)
